morning of the 25th inst., and the etr. Shance 836 a few hopes after ber, both from Shanghal vid The favorable prospects for almost all articles ota- of Import, anticipated in our Market Report of tous the end of January, have been damned by the COR- appearace of a body of Rebels in this province. The rebels consist of three different factions. ng. which have united : Tac-pings from Honan, that Nien-fei, from Shantong, and Mahammedans et. from Shansi. According to last accounts they by were roaming about in the vicinity of Ho keenther for about one hundred miles to the south-west

A strong body of Impored troops have been one sent out against the rebels, and it is to be hoped New that success will attend the efforts of the troops, were in so far as driving them away from this proyour vince; since it is almost beyond hope that they wie ever will be able to extirminate them altogether. Our import market is at present in a most the unsettled state, and will continue so as long as e al. the rubels are within the limits of this province, the Sales cannot be differted at all, everything in a ord's state of stagnation, and it is impossible to give quotations abpresent.

Opum : Malwa nominal, Tis. 525.

Hongkong, Wednesday Evening. No cosh transaction has taken place in Bengal Drug to-day, there being none available: Quotations may, therefore, he taken as quite firminal. A few small speculative sales have been made of second siles New Patna, to arrive, it \$6874 to \$690. There is almost a total absence of native demand for Malwa; a good portion of last purchases at \$695, by foreigners, has been rejected. Some further sales are reported to the extent of about sixty-five chests, baths at same rate, on cash terms, subject to inspec-

tion and approval. The market for manufactured goods has been exceedingly dull to-day, and scarcely any busitess has been going forward. There has been some inquiry for Yarn, but aside from this the market appears to bave been quite deserted. ration A sale is reported of 200 bales 16/24 Colton sment Yam at Sil2; and further sales have been effected amounting to 100 bales same count at 8 20. Native dealers are rearly buyers ab of 114. but holders are very firm as a rule, mid demand \$120. Raw Cotton is rather firmer, about 288 bales baving been placed to day at \$17 to \$18. A fair business has been doing in Produce to day among the natives, but there is nothing of interest to report beyond the sales given below. Some business has been doing in shares. Large sales of old Bank have taken place at II pre-Parker minm, and some small lots were done at 131 Boston | Hongkong and Whampon Dock are dull; a small lot of new have changed hands at 6 premium, and there are sellers at 15 premium. There is m-was no inquiry for Steambout, and several sellers

at par. Hotel are very active, and the market has taken a clear leap of 10 per cent, in one day. Large sales have to-day been made at 30 per cent. discount, and there further buyers at this rate, but holders show no anxiety colpart with beir stocks, even at this indvance. New Bank are heavy, with sullers at 3 premimo. There are buyers of Union Dock at 35 discount, and of China Traders at \$120 premium. A very refreshing piece of commercial news is contained in some clippings from New York papers, which appear in the Times of Jan. 14th. The correspondence is dated Houghong, Nov. 28th, and quotes :- "Woollen Goods nominal; Metal, railroad iron, to arrive, at a decline of

15 to 20 cents a picul; Lead, firm," &c.
